Member of Al-alameya Group

تعريف Introduction

السكو إحدى المؤسسات الرائدة والمتخصصة في مجالات تصميم وتركيب أنظمة الألومنيوم المعمارية عالية الجودة بالمملكة العربية السعودية.

وتكرس **السكو** خدماتها القطاعين العام والخاص باستخدام الآلات المتطورة وبالقوة العاملة الماهرة ذات التدريب العالي الذي يلبي المعايير العالمية، والذي مكنها من تحقيق معدلات إنجاز عالية على مدى العشر سنوات الماضية.

وتطري **السكو** ومن خلال الاستثمار المستمر في التطوير وبرنامج منتجات مبتكرة يتم اختبارها بصرامة كجزء من عملية التطوير المستمر للتأكد من أنها تلبى المعايير العالمية.

ولدي **السكو** الفهم العميق والمعرفة والمقدرة والموارد التي تمكنها من الاستجابة لإحتياجات المستثمرين والإستشاريين من خلال التصميم المتخصصة والدعم الفني والحلول النموذجية التي تساهم بتحسين البناء المحماري.

ALSCO is one of the leading establishments in the fields of design, fabrication and installation of high quality architectural aluminium systems in Saudi Arabia.

ALSCO is dedicated in service to the public and the private sector using modern fabrication machines and highly trained and skilled manpower resources that meet international standards which have enabled it of achieving high performance rate during the past 30 years.

ALSCO through continuous investment in development, regularly introduces innovative products which are rigorously tested as part of the development process to ensure that they meet international standards.

ALSCO has a clear understanding, knowledge, capabilities and resources which enable it to meet the requirements of investors and consultants via customized designs, technical support and ideal solutions that enhance and improve architectural structures.

Certificate

CERTIFICATE OF REGISTRATION

This is to certify that the management system of:

International For Modern Security Systems Co. Ltd.

Main Site: Prince Sultan Street, AlAlameya Business Park Building,
Jeddah, Kingdom of Saudi Arabia

has been registered by Intertek as conforming to the requirements of:

ISO 9001:2015

The management system is applicable to:

Execution and maintenance for Electro-Mechanical, Security, Safety,
Communications and Low Current Systems

Certificate Number:

0101830

Initial Certification Date:

19 May 2020

Date of Certification Decision:

19 May 2020

Issuing Date:

19 May 2020

Valid Until:

18 May 2023

2. **EMMEGI – ITALY**
3+1 Axes CNC Machining Centre
MODEL: PHANTOMATIC M3

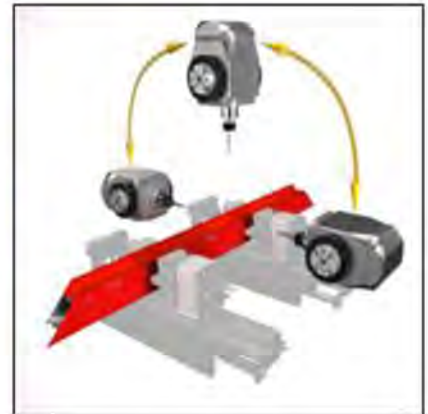

“PHANTOMATIC M3” – 3+1 AXES MACHINING CENTRE

The “PHANTOMATIC M3” is a 3+1 axes CNC Machining Centre able to work 5 profiles faces: front, top, rear faces and right & left end of the profile with blade.

Profile Positioning

“M3” is equipped with 1 pneumatic driven drop-away reference stops located on the left side of the machine, as option, it is possible to install a second reference stop on the right side of the machine. This allows to work extra length profile (over 3.000 mm) by easily positioning twice to piece to left and right reference stops.

Tools Lubrication

“M3” is provided with a LUBRICA pure oil coolant system, complete with directional nozzles to ensure the proper lubrication.

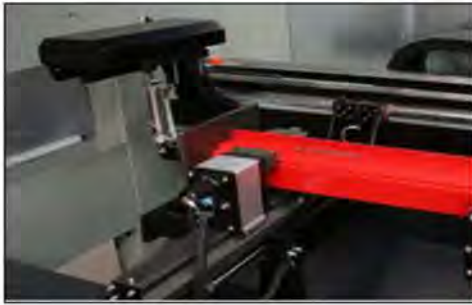

Clamps

The “PHANTOMATIC M3” is provide with 4 AUTOMATIC CLAMPS. The clamps are automatically positioned on the X-axis by means of an aggregate pneumatic device installed on the spindle head.

The software of the “PHANTOMATIC M3” is calculating the ideal positions of each clamps based on the machining to be carried out on each piece.

For security reasons before starting the machining process each clamp position is checked automatically by a sensor fitted on the spindle head.

Axis Travel

- X (longitudinal axis): 3.000 mm
- Y (transversal axis): 274 mm + 170 mm
- Z (vertical axis): 390 mm
- A (automatic rotation): - 90° I 0° I + 90°

Positioning Speed

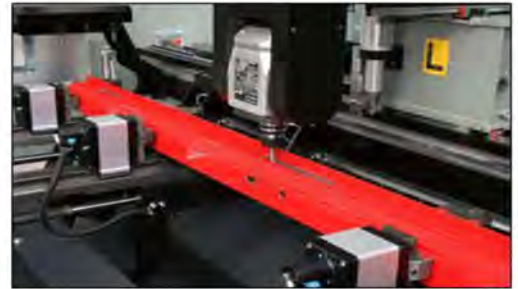

- X: 56 m/min
- Y: 22 m/min
- Z: 22 m/min
- A: 0/90° - 1,2 sec

Acceleration Speed

- X: 3,3 m/s²
- Y: 3,3 m/s²
- Z: 3,3 m/s²

Electrical Spindle Characteristics

- Power: 4 kW (S1)
- Speed: up to 20.000 RPM
- Collet chuck: HSK – 50 F
- Water cooled

Manual Tools Magazine (standard)

Left Automatic Tools Store (standard)

Tool Store

The "PHANTOMATIC M3" has the following alternatives:

- a) Standard: Manual tools store of 9 positions
- b) Standard: Automatic tool store of 4 positions (left)
- c) Automatic tools store of 8 positions (2 of 4 positions each)

The above tools store is suitable for:

- HSK 50F collet chucks;
- Blade holder with blade of Ø 80 mm;

Profiles' machining range:

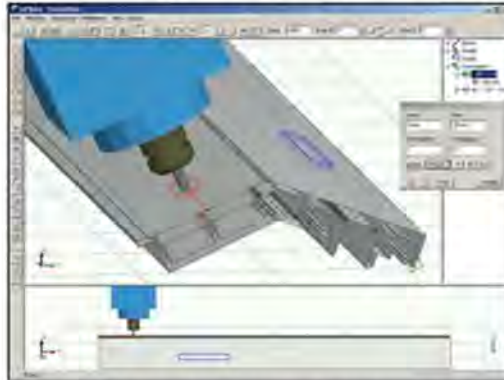

- Max. cross section that can be processed on **TOP FACE**:
H=210 mm x W=250 mm;
- Max. cross section that can be processed **3 FACES (BACK, TOP, FRONT)**:
H=210 mm x W=100 mm;
- Max length that can be processed: 3.000 mm (2.815 mm with 4 positions automatic tools, 2.630 mm with 8 positions automatic tool); longer pieces up to 6.000/5.630/5.260 mm of maximum height of 165 mm can be processed by simply repositioning the piece if the machine is provide with the optional right length stop and the two optional protection tunnels on the sides of the machine.

Right Tools Store (optional)

Machine's PROGRAMMING

The "PHANTOMATIC M3" is quickly and easily programmable, thanks to a special software package developed by Emmegi. Such software, operating in WINDOWS® environment, is one of the most important features of our working centre, allowing the operator to program the machining in a simple and intuitive way.

"CAM PLUS" – Optional programme

Control Unit

- CNC-PC with INTEL® processor with the following characteristics: 15" LCD-TFT graphic colour touch screen, keyboard, 1 Gbyte RAM memory, 1 USB port, 4 Gbyte flash memory card, network card type RJ45.
- Electrical control cabinet with ventilation system;
- Operative system: Microsoft ® Windows XP® Embedded;
- Machine's software packages (fully developed by EMMEGI) included: CAM, EDITOR, DRILL.

Control Board with Touch Screen

"PHANTOMATIC M3" – Configuration & Options

Description

"PHANTOMATIC M3" with 4 automatic & 9 manual tools store, 4 automatic positioning clamps, 1 pneumatic driven reference stops

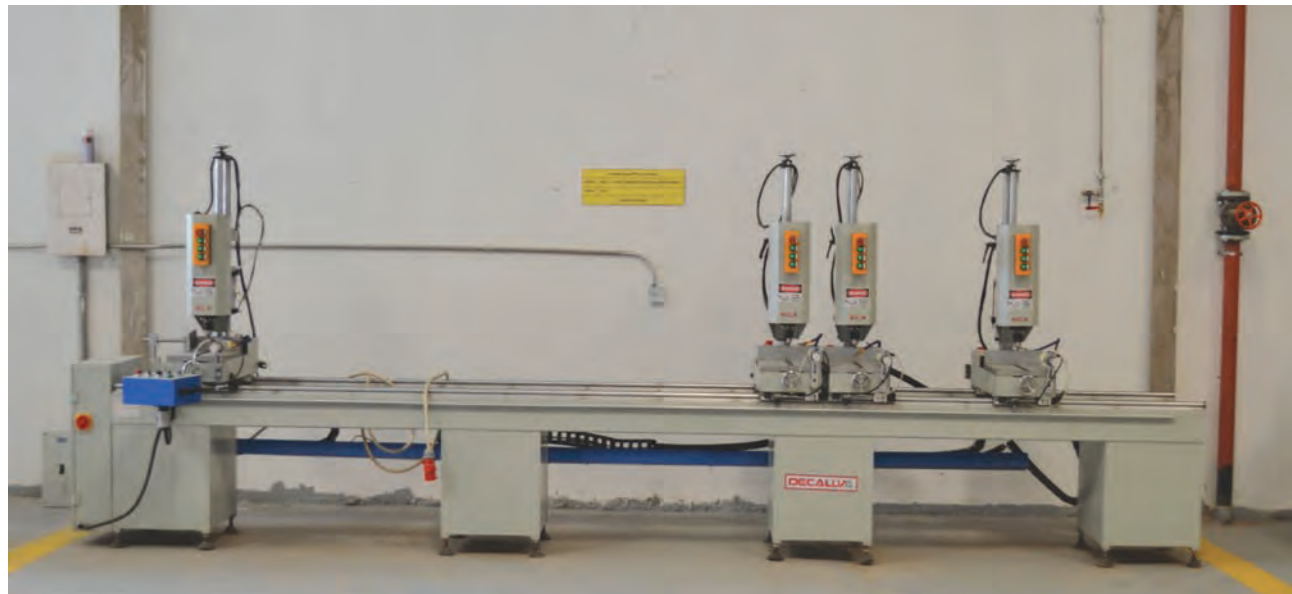

Collet/Collet Chuck

- n. 1 Blade holder HSK 50 F for blade

Specification:

System : Sawary Special Systems.

Profile Thickness : 1.0- 2.0mm

Finish: RAC. Anodised or Super Durable.

Width of Sections : 50 - 80mm.

Accessories : Made In Italy.

High quality Tempered.

Clear. Tinted or Reflected.

Gaskets : EPDM.

Meticulous aesthetics :

- Curved sash frame sections and central rebate .
- concealed drainage possible on frame and completed fittings (panted system).
- Discreet glazing seats with less flashing .

Sturdiness and user comfort :

- 52mm module for the fixed frame and 60mm module for the sash frame (making large dimensions possible).
- Tilt-and-turn frame up to 1300
- Volume capacity up to 35mm for high performance glazing.
- Reinforced anti-intruder security solutions approved by A2P certification (2nd half Of 2003).

Pivoting frame : maximum performance

- Large dimensions (L 2m50 x H = 2m20).
- Invisible spring built into the groove .
- Maximum glazed area .
- Strength : tested to 2000 cycles .
- Security : sash frame can lock at all angles .

Design and installation :

- Fixed frames adapted to different installation configurations.
- Identical sash window and patio-door frame.

Subject: To prequalification subcontractors and suppliers of Phase 2 Consortium

Dear Sir

AL-Shoula has submitted request for subcontractors and suppliers prequalification which have been analyzed in details as per the attached sheets.

And here below the summary and conclusion of the companies that can be approved:

No	Company Name	Transmittal No	Proposed Scope	Remarks or recommendation
1	Shade Systems	38683	supplier and subcontractor for Car shades at Work bases	Approved subject to amendments The proposed subcontractor is accepted in principle and subjected to achieve the specifications requirements and design drawings for items intended to be used
2	International Group for Modern Industries (Al-alameya)	39046	supply and installation of glass and Aluminum works	This approval is subjected to the performance of the subcontractor along the project, and might be withdrawn should the supplier did not abide by it is obligations towards the project in terms of the quality and time.

Subsequently, we recommend prequalifying those companies as subcontractors and suppliers of phase2 consortium.

For your perusal and instructions.

Subject: LETTER OF INTENT

Dear Mr. Khaled,

With reference to the above mentioned project and your offer Reference #: P01/101/2018/R01; Dated: 25-07-18, we are pleased to confirm our intention to award you the subcontract for the Supply & installation of Aluminum Doors, Windows, curtain walls, Glass doors & Glass Partitions including necessary accessories for our Binzagr Project in RABIGH as per the BOQ, drawings, specifications & details provided for a total Value of SAR 1,990,000.00/-

The subcontract shall be Re-Measurable as per approved Unit rates in your quotation and completely in compliance with the BOQ and agreed schedule and the below payment terms.

A Subcontractor agreement and/or a Purchase order will be issued soon for your review and signature shortly. Please take all necessary steps to submit the Complete Technical submittal along with compliance statement in reference to our project specifications. This LOI shall be a binding document until the subcontract agreement/or a purchase order is signed. This LOI shall be conditional based on the successful approval of the subcontractor pre-qualifications, Technical submittals, failing to secure any of the above shall not be considered as a successful supplier/subcontractor for this item.

For the avoidance of doubt, it is understood that your submission of any alternative named supplier or vendor for specified "Equipment/Material" does not relieve your requirement to fully comply with the specification within the Project documents and shall not claim any additional prices above the Guaranteed Maximum Price of SAR 1,990,000.00/- for the total scope of works mentioned below.

Scope of Work:

Submission of Technical submittal including necessary samples for Profiles, Glass , accessories etc. as per the consultant/client requirement.

Submission of shop drawings for approval.

Supply & installation of Aluminum Doors & windows, curtain walls, Glass doors & Glass Partitions including all necessary accessories as per project BOQ, drawings & specifications.

Supply of Manpower & Erection Supervisors excluding equipment's required for erection.

Complete installation & handing over of the project as per the project requirements in line with the project schedule.

Quotation Reference:

Reference #: P01/101/2018/R01; Dated: 25-07-18

Payment Terms:

100% Progress payment through L/C.

Schedule:

Subcontractor should comply fully with the Contractors schedule of works and the milestone for completion of Civil works shall be in line with the project Base line schedule & the Contractor's schedule of works.

Kindly confirm your acceptance by return on this email to start preparation of our PO and/or Subcontract agreement.

Best Regards,

Raymond Anwar Issa

AUTHORIZATION LETTER

To whom it may concern,

We hereby confirm that **M/s International For Modern Industries Co. Ltd.** is an authorized Schüco Systems fabricator and installer for the above mentioned project.

Schüco's support to **M/s International For Modern Industries Co. Ltd.** includes the following:

- Concept designs and technical support.
- The supply of Schüco Systems genuine material (Aluminum / Accessories).
- The supply of Schüco genuine punching tools and equipment to fabricate and install the system.

This authorization is for the above mentioned fabrication facility/company only. No fabrication or installation activities whatsoever may be carried out by and/or outsourced to any other entity or facility, including but not limited to those owned by the above mentioned fabricator/company, without the prior written consent of Schüco Middle East.

Schüco Middle East is the sole Schüco subsidiary authorized by Schüco International KG (www.schueco.com) to sell genuine Schüco aluminum profiles and accessories in the Territory. Schüco Middle East is also the sole entity authorized to approve, appoint, and authorize Schüco fabricators in the Territory, and is the only Schüco subsidiary authorized to sell un-fabricated profiles and accessories in the Territory.

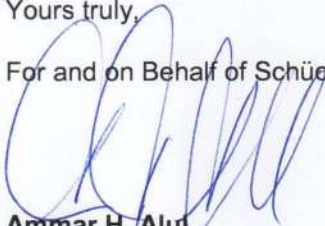

If the profiles are sold in mill finish, powder coating should be done by an approved applicator with approved powder coating materials.

This authorization has a validity of one (1) year from the date of issuance.

Please do not hesitate to contact Schüco Middle East should further details and/or clarifications be needed regarding this authorization.

Yours truly,

For and on Behalf of Schüco Middle East Windows & Façade System L.L.C.
